Laser Pointers

- 650nm Wavelength
- Handheld
- Battery Powered

Common Specifications

General

Type of Laser:	Diode	Operating Lifetime (hours):	3.00
----------------	-------	-----------------------------	------

Optical Properties

Wavelength (nm):	650.00	Color:	Red
------------------	--------	--------	-----

Hardware & Interface Connectivity

Output Type:	Free Space
--------------	------------

Technical Information

Products

Wavelength (nm)	Output Power (mW)	Power Requirement	Stock Number	Price	Buy
650.00	5	2 AAA (not included)	#53-546	£25.60	5 In Stock
650.00	5	1.5V, 2 AAA batteries (included)	#52-840	£46.40	4 In Stock
