C-Mount Microscopes

- Simple C-Mount Connection to Infinity Corrected Objectives
- Compact Design for Simple Integration Into Systems
- 2/3" Max Sensor Size
- 14mm In-line Illumination Port
- M26 x 0.706 Objective Threading

Common Specifications

General

Note:

Objective Required

Type of Illumination:

In-Line Illumination

Physical & Mechanical Properties

Tube Length (mm):

200.00

Optical Properties

Focal Length FL (mm):

200.00

Magnification:

1X

Sensor

Maximum Sensor Format:

2/3"

Threading & Mounting

Mounting Threads:

 (6) M4 threaded holes, on
 27mm centers
 Objective Thread: M26 x
 0.706

Mount:

C-Mount
