TECHSPEC® High Index Half-Ball Lenses

- 2.0 Index of Refraction
- Simplifies System Integration
- [High Index Ball Lenses](#) Also Available

Common Specifications

Physical & Mechanical Properties

Radius Tolerance (μm):	+0/-1.5
------------------------	---------

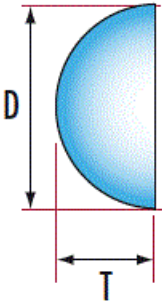

Optical Properties

Substrate:	S-LAH79
------------	-------------------------

Coating:	Uncoated
----------	----------

Wavelength Range (nm):	400 - 2400
------------------------	------------
