Mitutoyo WLI Plan APO Infinity Corrected Objectives

See More by [Mitutoyo](#)

- Ideal for Interferometry Applications
- Long Working Distances and High Numerical Apertures
- High-Quality Plan Apochromatic Design

Common Specifications

| General                |                                                             |               |          |  |
|------------------------|-------------------------------------------------------------|---------------|----------|--|
| Compatible Tube Lens   |                                                             | Manufacturer: | Mitutoyo |  |
| Focal Length (mm):     | Focal Length: 100mm                                         |               |          |  |
| Note:                  | Designed to be used with a 100mm Tube Lens, Sold Separately |               |          |  |
| Optical Properties     |                                                             |               |          |  |
| Field Number (mm):     | 11.00                                                       |               |          |  |
| Parfocal Length (mm):  | 60.00                                                       |               |          |  |
| Sensor                 |                                                             |               |          |  |
| Maximum Sensor Format: | 2/3"                                                        |               |          |  |
| Threading & Mounting   |                                                             |               |          |  |
| Mounting Threads:      | RMS/20.32mm x 36 TPI                                        |               |          |  |
