Product Details

- C-Mount and Cage System Compatible
- M6 Mounting Hole
- Compatible with Most TECHSPEC® Kinematic Mounts

The TECHSPEC® 90° Kinematic Adapter is designed to provide a stable and precise mounting solution for kinematic mounts during laser alignment. This adapter offers thick walls and sturdy mounting, resulting in a naturally damped housing. Our TECHSPEC 90° Kinematic Adapter is designed for use with [TECHSPEC Kinematic Optical Mounts](#), which are required for operation. Kinematic Optical Mounts offer lockable adjustment screws for long term stability. Through combining the Kinematic Adapter, a Kinematic Optical Mount, and [TECHSPEC Laser Mirrors](#), reliable integration into laser machining, cinema, or life science applications is obtainable.
